Since childhood my passion for art has motivated my life on a daily basis. I love the natural world and spend much of my time outdoors. This appreciation of the outdoors is reflected in my work: landscapes, birds, flowers, stones. I paint in soft pastels, acrylic and watercolor. My jewelry is made with semi-precious stones, sterling, and found or antique objects.

I travel near and far for inspiration when painting landscapes in oil. Chasing light and movement in scenes that captivate me through en plein air studies then developed into larger studio paintings. I'm passionate about painting and find great joy in creating works of art that remind us of happy places and encourage us to think and feel through works of art.
